

IFIM Business School launches AACSB accredited BBA Programme

Ahmedabad: IFIM Business School, Bangalore, one of India's top six AACSB accredited business schools, today announced the launch of a Bachelor of Business Administration (BBA) programme at its new campus in Greater Mumbai. The first batch of the programme will commence in September 2019. Beginning in IFIM Business School's Silver Jubilee year, this is the first BBA programme by any top-ranked AACSB accredited school in the country. Commenting on the launch of BBA, the Director of IFIM Business School, Dr Atish Chattopadhyay said, "The MBA degree thrived in India because the undergraduate qualifications failed to produce employable graduates (barring a handful of the institutes), and MBA became a gateway to the first job, especially after the liberalisation of the Indian economy. It is in sharp contrast with the developed economies, where an

MBA cohort predominantly consists of experienced professionals being groomed for a general management role. In India, MBA has almost become a required qualification post one's engineering or commerce degrees for an entry into a professional career.

Through our BBA programme, we intend to make the graduates ready for the industry right after the bachelor's qualification and eliminate the need for doing an MBA immediately. To me, those who could not make it to a top engineering school like IITs, it makes a lot of sense to pursue this BBA, which saves three years of their time and acts as a gateway to a professional career. I say this with a great level of confidence having led the IFIM-NHRD study of Industry 4.0 needs and our curriculum being acknowledged and appreciated by the global academic fraternity including at the recent ICAM 2019 of AACSB at Edinburgh." Biopics and Real Life stories are always heart winners :AnandPandit

Ahmedabad: If there is one thing that veteran producer Anand Pandit has developed through his association with the Hindi film industry is an acutely incisive and intuitive understanding of what makes for good cinema. Pandit has always believed in quality content and has been a forerunner in bringing some of the most iconic stories to the audiences. His most recent film is PM Narendra Modi and besides the subject in this case, it is also the genre that works.

Pandit says, "Over the years, I have seen that biopics and movies which are based on real life stories always bag great box office numbers. There are several reasons for this but the most important being the connect that audiences have to real life stories. I call it the 'shock-and-awe' of biopics. Audiences enjoy the twists and turns in the plot even more so because it's actually happened to another human

being. And then of course there is curiosity to see the real life story unfold on the cinematic canvas." Anand Pandit is a producer with a prolific list of films. Having associated with films like 'PM Narendra Modi', 'Total Dhamaal', 'Baazaar'. The filmmaker has also been associated with 'PyaarKaPunchnama 2', 'SatyamevaJayate', 'Batti Gul Meter Chalu', 'Sarkar 3' and 'Missing' (19-10)

Biggest exhibition for Sheet Metal and Fixing Technology Ends on a High Note

Ahmedabad: BLECH India and Fastener Fair India, India's premier and the biggest exhibitions for the Sheet Metal Working industry and for Fastener and Fixing Technology turned out to be highly successful and satisfying events for various business houses associated with the industry.

Speaking on the success of both these exhibitions, Rajan Sharma, organiser of these exhibitions in India and Director of Inter Ads Exhibitions Pvt. Ltd. said "This was the 6th International Edition of Blech India and 7th International Edition of Fastener Fair India.

And it was the biggest edition so far for all of us. This year we witnessed a growth of more than 40% with footfalls of approximately 15,000 visitors over 3 days of the exhibition. There also has been 30% increase in the show size as compared to last year with nearly 400+ exhibitors participating from 13 different countries. A large variety of machines, tools and solutions for the complete sheet metal forming and fabrication process with an enormous amount of live machine demonstrations were on display, generating much curiosity and excitement amongst the visitors." Indian Navy launches Massive Rescue and Rehabilitation Effort

New Delhi: In the aftermath of the devastation caused by Extremely Severe Cyclone 'Fani', the Eastern Naval Command of the Indian Navy has launched a massive rescue and rehabilitation effort in Odisha. Two Maritime Recce sorties were undertaken by the Dornier aircraft of the Navy revealing widespread destruction localised around the temple town of Puri. The Flag Officer Commanding-in-Chief of the Eastern Naval Command personally undertook aerial survey of the cyclone affected area with the first light on 04th May and visited INS Chilka to review the relief efforts.

Based on the aerial surveys, the Eastern Naval Command is undertaking a three-pronged rescue and rehabilitation effort centred around Puri and its suburbs in coordination with the State Government and District Administration. Relief and rehabilitation 'bricks' and 'pallets' (Naval parlance for containerised relief stores) comprising food material, essential medical supplies, clothing items, disinfectants, repair material, chain saws for removing damaged trees, torches and batteries, etc. have been sent to INS Chilka, a naval

establishment at Odisha, closest to Puri. The Naval Officer-in-Charge (Odisha) is centrally coordinating distribution of these relief materials and community kitchen is planned to be set up.

Simultaneously, three Eastern Fleet ships are undertaking rescue and rehabilitation efforts from the Sea. The IN ships Ranvijay, Kadmat and Airavat with three helicopters are presently operating off Puri and coordinating aerial survey and

immediate response from Sea through their integral helicopters. As the first responders, helicopters from the ships have been able to provide immediate support. In order to coordinate the relief efforts, the Eastern Naval Command has pre-positioned Liaison teams in cyclone affected areas around Puri, who in turn are directing the rescue and relief efforts being undertaken by the ships.

With the likely opening of the Bhubaneswar airport today, Chetak and UH3H helicopters are

being positioned there by the Navy to launch rescue efforts and air-dropping of relief material to the inaccessible and remote areas. The deployment of the helicopters at Bhubaneswar would enable aerial rescue of stranded personnel to safer areas as well as access to areas without road connectivity.

In order to sustain the rescue and relief over the next few days, the Eastern Naval Command has additional ships standby relief material.

15th Finance Commission to hold meetings with RBI and Banks & Financial Institutions and Eminent Economists

New Delhi: The 15th Finance Commission has scheduled a two-days visit to Mumbai to hold meetings with the Reserve Bank of India (RBI) and with the Banks and Financial Institutions on 8th and 9th May, 2019. The Commission will be headed by its Chairman, Shri N.K. Singh and include all its Members and senior officials.

In the meeting with the RBI, headed by Governor Shri Shaktikanta Das, the Commission is likely to discuss the following issues:-

Views on key macro-economic assumptions for the Fifteenth Finance Commission (FCXV), keeping in view the key parameters central to macro-financial stability.

Views on the cost of

borrowings of the Centre and the States during the award period of the FCXV.

Modalities for ensuring that the borrowing cost becomes increasingly market-driven.

Issues in quantifying contingent liabilities of States and off-budget transactions of States, and other issues of public financial management.

Views on possible debt trajectories of States and State-specific consolidation road map.

Requirements of recapitalisation of banks and their impact on the cost of borrowings of governments.

Possible scenarios of the Bimal Jalan Committee Report on surplus capital available with the RBI for transfer to the Government of India.

RBI's own assessment of the dividends and surpluses that can be transferred to the Government of India during the award period of FCXV.

In the meeting with the Banks and Financial Institutions the following issues are likely to be raised:-

Cost of borrowings of the Centre and the States during the award period of the FCXV.

Modalities for ensuring that the borrowing cost becomes increasingly market-driven.

Recapitalization of banks and their impact on the cost of borrowings of governments.

The meeting is to be attended by State Bank of India, Bank of Baroda, Bank of India, Bank of Maharashtra, Central Bank of India, Union Bank of

India, Axis Bank Ltd., HDFC Bank Ltd., ICICI Bank Ltd., IndusInd Bank, Kotak Mahindra Bank, Yes Bank Ltd., IDFC First Bank Ltd., IDBI Bank Limited.

The Commission will also hold a detailed meeting with eminent economists to discuss the various Terms of Reference of the 15th Finance Commission. The economists who will be attending the meeting include Ms. Rupa Rege Nitsure, Mr. Saugata Bhattacharya, Ms. Prachi Mishra, Mr. Sajid Cheno, Mr. Neelkanth Mishra, Dr. Samiran Chakraborty, Ms. Pranjul Bhandari, Ms. Ashu Suyash, Mr. Naresh Takkur, Mr. Soumya Kanti Ghosh, Mr. Ajit Ranade, Ms. Mala Lalvani, Dr. Mahendra Dev, Dr. Avadhoot Nadkarni, Dr. S.L. Shetty.

Centre announces further assistance of One thousand crore rupees for Cyclone affected Odisha

New Delhi: Continuing the coordination efforts and restoration measures in the areas of Odisha affected by cyclone FANI, the National Crisis Management Committee (NCMC) under the Cabinet Secretary Sh. P. K. Sinha met again today for the second time in succession.

As announced by Prime Minister after his aerial survey and review of relief efforts with the Odisha Government, Ministry of Home Affairs has announced a further release of Rs 1,000 Crore for assistance to the State. Earlier Rs 341 crores had been provided to Odisha as an advance to its State Disaster Response Fund (SDRF).

Odisha informed that restoration of Power and Telecommunication infrastructure continue to remain the major priority in the Cyclone affected areas of the State. Around 50% power restoration has been

reported while more works need to be done in Bhubaneswar and Puri. The NEET examination, which was postponed, will now be held on 20th May. Medicines dispatched by the Centre have been received and all measures were being taken to prevent any outbreak of diseases.

Reviewing the relief measures, Cabinet Secretary stressed that power connectivity need to be restored on priority basis as drinking water supply, telephone connectivity and banking operations need electricity. The option of deploying vehicle-mounted mobile towers, as requested by Odisha, is being explored to provide connectivity in Puri and Khurda.

More than 2,500 gang men are working in Odisha to restore power lines, substations and Steel Ministry has dispatched about 5,500 steel electric poles and another 15,000

will be supplied by 14th May. Cabinet Secretary directed that more manpower should be mobilized to restore power. He also suggested that mobile service operators need to operationalize their towers in coordination with the State Government.

Ministry of Petroleum informed that majority of petrol and diesel retail outlets are functional and sufficient stocks of diesel and other fuels are available in Odisha. Three mobile dispensers of Diesel of 6000 liters capacity each are being pressed into service.

Finance Ministry has directed Insurance companies to settle insurance claims expeditiously. The State Level Banking Committee has been asked to convene to coordinate all banking issues, including functioning of ATMs.

Railways have resumed train services on all the lines. The yard at Puri, which was extensively

damaged will be restored fully by 12th May.

The Defence Ministry has moved Diesel Generators to Odisha. Four helicopters of Navy and Indian Coast Guard are engaged in relief operations. Navy and ICG are also running community kitchens for cyclone affected people.

Cabinet Secretary directed that officers of Central Ministries/Agencies should work in close coordination with Odisha State Government and provide all required assistance expeditiously.

Chief Secretary/Adl Chief Secretary of Odisha participated in the NCMC meeting through Video Conference. Senior Officers from Ministries of Home Affairs, Defence, Railways, Petroleum and Natural Gas, Power, Telecommunications, Steel, Financial Services and NDMA also attended the meeting.

Navneet Education Limited launches Swachh Bharat Survekshan 2019

Ahmedabad: Youva from Navneet Education Limited today announced the launch of a special edition series of long books to commemorate the awards announced in the Swachh Bharat Survekshan. The congratulatory series of long books were launched under its sub-brand Youva Pro.

This elegant series of long books designed by Navneet Education Limited will have stylish two-color designs with elegant foil printing featuring India's 5 cleanest regions: Indore, Ahmedabad, Bhopal, Ujjain and Chhattisgarh.

The Swachh Bharat Survekshan 2019 is the world's largest cleanliness survey covering 4,237 cities & 6.5 lakh survey locations. The objective of this survey is to bring people together to make their locality,

city, district, state and eventually the country a cleaner, brighter, better place to live in.

Commenting on the launch of Swachh Bharat Survekshan 2019 long book series Shailendra Gala, Director - Stationery Division, Navneet Education Limited said, "Youva is proud to help in creating awareness and pride around this project. As a team we want to further the aspirations of #MyCleanIndia! Through this launch, we are trying to create awareness amongst citizens for a clean and green India. These long books with their premium two colour designs are a way for citizens of these cities & states to flaunt their pride in the recognition that their beloved place of residence has garnered, almost like a collectible series of long books." -

A HEALTHY COOKOUT IN AHMEDABAD SHOWCASES THE IMPORTANCE OF ALMONDS IN OUR DAILY LIVES

Ahmedabad: Often referred to as the king of nuts, almonds are versatile nuts that form a delicious part of our daily lives and offer natural goodness in every bite. Owing to their crunchy, scrumptious and nutritious nature, almonds can be made a part of our daily diet in various ways. A unique cookout session conducted in Ahmedabad helped take this idea forward, where almonds were the main ingredient involving unique snacking and festive recipes demonstrated by homemakers of the city. The session was conducted by chef Yatendra Dutt Kestwal and nutritionist Komal Patel as three homemakers Keyuri Shah, Shilpa Shah and Megha Shah from the city led the way in showcasing how almonds could be made a part of our daily diets through snacking and festival food

preparations. There was a healthy competition between three ladies, and in first round Keyuri Shah became the winner and in the second round Shilpa Shah became the winner.

Nutritionist Komal Patel said, "For Indian families, food comes first and we don't usually plan our meals especially during midafternoon or early evening snacking time. Snacking smart with almonds is a great way to lead a healthy lifestyle. Almonds have been shown to lower total and LDL cholesterol when included in a healthy diet and might help in reducing levels of heart-damaging inflammation1. Not just this, a handful of almonds promotes the feeling of fullness, helping you keep hunger at bay2. They are naturally high in dietary fibre and low in sugars3." (19-10)

India and U.S. Hold Bilateral Trade Meeting

New Delhi: India and the United States held the India-U.S. Bilateral Trade meeting in New Delhi today. Suresh Prabhu, Minister of Commerce & Industry and Civil Aviation, Government of India and Mr. Wilbur Ross, Secretary of Commerce, United States of America co-chaired the bilateral meeting.

Both the co-chairs, Suresh Prabhu and Mr. Wilbur Ross appreciated the strong, robust and growing bilateral ties between India and the U.S. across the entire spectrum of trade and commerce. Both sides expressed satisfaction over the progress during the year 2018, with bilateral trade in Goods and Services registering a growth of 12.6% from \$ 126 billion in 2017 to \$142 billion in 2018.

India appreciated the USTRade Winds Indo-Pacific Business Forum and Mission initiative 2019, being held at New Delhi. The forum will bring together distributors, representatives and partners and enable them to increase sales by taking part in business-to-business meetings from 8-10th May, 2019, across India.

Both co-chairs also complimented the new bilateral private sector led Small Business Interaction initiative,

the US - India SME Forum, held today in the forenoon in New Delhi. This is the first event of its kind and would pave the way for collaboration and partnership between the U.S. and Indian small and medium enterprises (SMEs) in the areas of manufacturing and services.
